It is seldom that we notice anything in the medical line, nor would we now, unless we could be convinced that we are not doing our duty as journalists in recommending to our readers the celebrated botanical preparations of Dr. Henry. Whoever indulges in the use of Serravallo's Extract of Sarsaparilla, the blood, to use Dr. Henry's words, is purified, and the system is brought into a healthy condition. It is a sure cure for Scurvy, Rheumatism, Salt Rheum, and indeed all complaints arising from vitiated and impure blood. It is just what a good physician would prescribe for these complaints, and we confidently recommend it as being the best article now in use. It contains no deleterious drugs, and can be taken with impunity and certainty of relief. SUNDAY, JUNE 25, 1876.

NEWS OF THE MORNING.

Gov. Irwin has returned from the Yosemite valley. Certificates of discharge for thirty persons in the State Prison, whose terms have either expired or who have by good conduct had their terms directed to be, are being made out at the Governor's office.

The banks and other principal business places in San Francisco have decided to take a three days' holiday, from July 3d to the 5th inclusive.

The Times' St. Louis correspondent says: It is now no secret that John Kelly is working in the interest of Handricks. He has lately had several interviews with the Indiana delegation.

The Times' Washington dispatch says that the testimony taken by the Senate Committee at Jackson, Mississippi, shows a systematic series of murders, arson, whippings, mobbing, etc., for the crime of Republicanism. The perpetrators are not rebel soldiers who are after Republicans, but young bucks led by a few old planters.

Congressman Hale was re-nominated in the Fifth Maine District yesterday.

Up to noon Friday 106 cases of small pox had been reported in San Francisco, including eight Thursday and four Friday morning. Three deaths occurred Friday, and three were reported yesterday morning, with three or four more momentarily expected. The disease is increasing in violence, and stronger measures are demanded on the part of the officials.

Matthew Noble, the well known English sculptor, is dead.

The Tribune's Washington dispatch says that Blaine will go to Augusta, Maine, and not reappear during the present session.

The Tribune's Washington dispatch says the bill to amend the Enforcement Act passed the Senate by a strict party vote. Both voted with the Republicans.

The World's Washington correspondent thinks the recent order discontinuing the military division of the South is simply a ploy to secure the electoral vote of Alabama, Arkansas, Louisiana and Mississippi for the Republicans.

It is reported that New's place has been offered to Farwell, of Illinois.

The President, accompanied by Sherman and Cameron, has gone to Harrisburg on a brief visit.

Judge Burnham, Assistant Secretary of the Treasury, has resigned, to take effect July 1st.

This latest news from the Black Hills is that the miners are hopeful—hopeful of being able to get back home alive.

CONTRACTORS on the Central and Southern Pacific Railroads, who are making "fills," are employing boys in place of Chinamen, to drive their cart horses. This is an encouraging movement.

The Republican says that BLAINE dies people will say he was hounded to death. Yes, and it will be the truth. The hounding was done by the hounds who managed the Republican National Convention.

A CORRESPONDENT of the Republican thinks the ignorance of the HERALD relative to HAYES is something to be ashamed of. That's one view of it. The fact that the HERALD gave the Republicans the first accurate information as to the political history of their candidate for President is something to our credit; though we don't boast of it. It's a safe bet, that the author of that communication learned all that he knows of HAYES from the HERALD.

Is HAYES a whole man? The question should be definitely answered. When first nominated the Republicans told us he had lost a leg in the war, and he was therefore a good stumper. It is now known that he has two good legs, and the missing limb is claimed to be an arm. We doubt this, because the Governor is too good a striker for a one-armed man. He knocked BLAINE out of time and the Republican party into smithereens at a single blow. He could not have done this with a cork arm. Is the Governor a whole man? is the all-important question of the day.

In this morning's HERALD we print a bill introduced in the House by Mr. LANE, of Oregon, to provide for the settlement of pasture lands in the arid regions of the United States, which will be read with interest by the people of the Pacific coast. We have a vast area of land in Nevada, Arizona and Utah, which will come under the provisions of this bill. Congressman WIGGINTON, to whom we are indebted for a copy of the bill, in a private note, informs us that after many consultations with Professor ROWELL, head of the geological and geographical surveys of the new States and Territories, Mr. LANE and himself have reached the conclusion that the bill embodies the best solution of the pasture land question.

In the acknowledgment that if the Democrats nominate TILDEN the chance for HAYES' election is reduced to almost nothing, the Record-Union proves itself much more honest than any other Republican newspaper of California. The constant cry of the average Republican editor is, "Oh, we hope the Democrats will nominate TILDEN." Nobody believes this; the gentlemen do not believe it themselves. Democrats adopted the same ruse. They said they hoped BLAINE would be nominated, but they did not mean it. They knew that BLAINE was the strongest man the Republicans could

put up and they feared his nomination, therefore they professed to believe him a weak man. The dodge aided materially in defeating him, and now the Republicans are trying the same game on TILDEN. It may win. But whether it does or not Republican leaders feel that TILDEN is the strongest man the Democrats could nominate and if he is nominated they will realize the impossibility of electing HAYES.

The Good Time Coming.

Although money is abundant in our banks and may be had in large or small sums at the usual rate of interest, on satisfactory security, there is still a general complaint of hard times and our business firms find it difficult to make their usual collections. The cry of hard times is general throughout the State, and though we have suffered the calamity of a local bank failure, we are confident that the money stress is less stringent with us than with many other communities. The monthly disbursement of about one hundred thousand dollars in this county by the Southern Pacific Railroad Company has materially aided our community in financial matters. Notwithstanding the self-apparent fact that we are steadily, and more rapidly than might have been anticipated, recovering from the effects of the bank failure, we must still expect the lapse of four or five months before the arrival of the good time coming. The farmers have been favored with abundant crops, and the harvest is upon us, but the return for our farm products is yet some distance off. Railroad communication between our city and San Francisco will be effected not later than October, and about that time the farmers will realize from their crops; hence our conclusion is that we may anticipate a return of the flush times late in the Fall or about the beginning of Winter. Meantime, all should sail close to the wind. The times are not propitious for rash investments or venturesome speculations. To go slow is an almost sure way to avoid advancing backward. We have no cause for complaint, and those who feel inclined to murmur should read the following extract from a letter written in the interior of Pennsylvania under date of the 15th inst: "Times are awful. Hundreds and hundreds of men can find nothing to do, and it is getting worse all over the East. Railroads are discharging hundreds of men; mills are closing down, and merchants are failing everywhere."

In Defense of the Council.

However much disposed to do so, the HERALD has seldom found occasion to commend or defend the Common Council, and now that an opportunity presents itself, which enables us to come in as the champion of our City Fathers, we embrace it with pleasure. The Express of last evening attacks the Council on the ground of inconsistency in voting "\$300 for a foot-bridge to reach East Los Angeles and rejecting a petition for a bridge or bridges across arroyos on the extension of Temple street." This needs some explanation. In the first place the people of East Los Angeles built and maintained at their own expense a foot-bridge across the river. Next, the East Los Angeles Street Railroad Company built a bridge across the river for their road, and as the city had established a school in East Los Angeles, the Council, in order to secure communication with that part of the city, purchased of the Railway Company the right of way for foot passengers over their bridge, paying therefor the sum of three hundred dollars. There are a good many people living in East Los Angeles, and there is a public school maintained there. When there is a school house and as many homes beyond the arroyo on Temple street, we take it for granted the Council will provide the necessary means for communication.

The Chinese Question in Resolutions.

Yesterday we stated that the credit of opposing Chinese immigration as a party belonged to the Democracy and that the individual honor of placing the party on record on this issue rested on General JOHN R. MCCONNELL of this city. We have since been placed in possession of the address to the people of the United States on the Chinese question issued by the Democratic State Convention of 1876, together with the platform of the party for the campaign of that year. We shall in a day or two reproduce the address. The following are the Anti-Chinese resolutions drafted by General MCCONNELL and unanimously adopted by the convention:

Resolved, That we are opposed to the adoption of the proposed Fifteenth Amendment to the United States Constitution, believing the same to be designed and, if adopted, certain to degrade the right of suffrage; to ruin the laboring white man, by bringing untold hordes of Pagan slaves (in all but name) into direct competition with his efforts to earn a livelihood; to build up an aristocratic class of oligarchs in our midst, created and maintained by Chinese votes; to give the negro and Chinaman the right to vote and hold office; and that its passage would be tantamount to the best interests of our country; in direct opposition to the teaching of Washington, Adams, Jefferson and the other founders of the Republic; in flagrant violation of the plainest principles upon which the superstructure of our liberties were raised; subversive of the dearest rights of the different States, and a direct step toward anarchy and its natural sequence, the erection of an empire upon the ruins of constitutional liberty.

Resolved, That the Democracy of California believe that the labor of our

white people should not be brought into competition with the labor of a class of inferior people, whose living costs comparatively nothing, and who add nothing to the wealth of our State, and who care and know nothing about our churches, schools, societies, and social and political institutions.

The St. Louis Convention.

ST. LOUIS, June 24th.—Everybody having business to do with convention arrangements are busier than ever before and the talk of the occasion tends to create an excitement at the Exchange building. There is considerable confusion at the camp, and the committee that are finishing up the work had some difficulty to hold meetings on account of the noise and fuss of the people rushing about from place to place. The work of preparing the hall goes forward rapidly. The chairs in the space outside the railing nearly all are placed in position and the platforms at the sides and rear of the rotunda are built. The upper windows on the west side of the hall are hung with red curtains. Almost every man has his preference, but scarcely one is willing to give up his own. Janissaries of Light.

The Grand Temple of the Janissaries of Light of California met in Good Templar Hall yesterday morning. The Temple was called to order by the Grand Worthy Center of Light, J. J. Ayres, and a Committee on Credentials was appointed. They reported delegates present from various parts of the State.

G. W. C. Ayers then read an address to the Temple showing the progress of the order. There have been eighteen Temples instituted in this State, and there are now thirteen in successful operation. Deputies have been appointed by the supreme authority of the order to organize Temples throughout the world. In the Eastern States several Temples have been authorized to institute Temples, and Brother R. C. Anderson will proceed to Philadelphia to instruct the Deputies in the unwritten work. Applications for charters have come from England, Denmark and Australia, and in a short time the principles of the order will be extended to those countries. The progress of the order in this State has been constant, and the utmost harmony has prevailed among its members. Under the Constitution ladies are eligible to become members, and one Temple has already initiated several into the mysteries of the order. The Grand Worthy Center closed with an eulogy on the principles of the Janissaries and hoped that the proceedings of the Grand Temple would be characterized by harmony and wisdom.

The Recording Secretary read the minutes of the last session of the Temple. They were approved, and, on motion, the Temple adjourned till two o'clock in the afternoon.

AFTERNOON SESSION.

At 2 o'clock the Temple re-assembled and proceeded to the election of officers, as follows:

Grand Worthy Center of Light—R. C. Anderson, San Francisco.

Council—Mrs. N. J. Hilton and C. F. Klein, San Francisco.

Grand Worthy Secretary—G. W. Davis, San Francisco.

Warden of the South—J. F. Hawk, Los Angeles.

Warden of the West—R. Nuttall, San Bernardino.

Warden of the North—J. McGavin, Downey City.

Grand Senior Deacon—W. W. Smith, Los Angeles.

Corresponding Sec'y—Mrs. Smith, Los Angeles.

Financial Secretary—E. A. Faloy, San Francisco.

Grand Treasurer—F. Person, San Francisco.

Grand Steward—C. Fraisher, Compton.

Grand Sentinel—R. Dobson, San Francisco.

Grand Janitor—Wm. Bullis, Compton.

Junior Deacon—Martha Harris, Los Angeles.

The Temple then adjourned until 8 P. M.

The late action of the Turn-Verein Society in closing their hall against all traveling companies will have an undesirable effect upon the amusement advantages of our city. We are poorly supplied with hall facilities at present, and the loss of the Turn-Verein hall is a serious one. Still, the action of the society was induced by the best of motives. While they were paying a large salary to a gymnastic instructor for the German children, they were cheated of half the benefits of such instruction by the occupancy of the hall for amusements on the evenings set apart for that purpose. We understand that a compromise of the matter is proposed by building a large addition to the rear of the hall and devoting the extra space for class and gymnastic rooms. We sincerely hope that this may be effected as the loss of Turn-Verein Hall as a place of general amusement would be nothing short of a calamity at the present time.

At a meeting of the Fourth of July Decoration Committee, Friday evening in the office of the County Surveyor, there were present Messrs. Miles, Meyers, Fanning, Thompson and Judd. The meeting was organized with C. E. Miles in the Chair, but the regular Chairman, T. E. Rowan, arriving shortly, took his place.

It was moved, seconded and carried that plans and specifications from any persons present be received. Bids were accordingly received from Lehman & Co., Dotter & Bradley, Maag & Schroeder and Hargitt & Strahle. The bids being opened, showed the following figures: Hargitt & Strahle, \$565; Dotter & Bradley, \$625 and \$775; Maag & Schroeder, \$600; Lehman & Co., \$500. On motion the bid of Lehman & Co. was accepted. On motion the following sub-committee to supervise decorations were appointed: Messrs. Judd, Fanning and Rowan. The Committee then adjourned at call of the Chairman.

The performance of this afternoon and evening will conclude the engagement of the old company at Wood's Opera House, and the Allen Sisters will step upon the boards to-morrow evening. The seven wonderful little sisters have been preceded by an enviable reputation, and they will be received by the Los Angeles public in a most cordial manner. We look for a house crowded to overflowing to-morrow evening.

A special meeting of the I. L. & L. C. will be held on Monday evening at 8 o'clock. All members are expected to be present, as business concerning the release of the Fenian prisoners will be brought before the Club.

Hanna & Branch astonished their friends on the street yesterday by sporting the new crack milk wagon just manufactured by Page & Graul. It is said to be the finest vehicle of the kind to be found in the city.

The gutter crossings in front of the Pico House were removed during the laying of the Water Company's main and have not been replaced. The matter should be attended to as it is an inconvenience to pedestrians.

Tweddledee and Tweddledum Newspapers.

Geo. P. Rowell & Co.'s late book on the "Press of the United States" has the following well-chosen sentiment: "The editor who always tells the truth—who says in his column only what he believes—exercises a great influence, and sometimes he is himself surprised to find to what an extent his statements are received. The newspapers which never take any stand upon political questions—the so-called independent papers, that are Republican to-day and Democratic to-morrow—do not wield much power over the minds of their readers. Senator Wilson, of Massachusetts, our late President, very accurately described their position when, in conversation one day with a Western editor who prided himself upon the influence of his independent paper, he said: 'Your independent papers have no any influence. You are just as just as independent as you are. When you take any stand different from that which you have been taking, your readers cut loose from you.'"

Gleanings.

[From the Evening Republican.]

Trains now run to Indian Wells.

W. Wheatley, Veterinary Surgeon at Camp Lowell, is at the St. Charles.

Young Somerset, the vicious mother-whipper, was sentenced to 90 days by Judge Gray in the chain-gang.

The Georgia Minstrels have a fame that is world wide and we hope to see them at the Theatre crowded on Monday night. They are the genuine plantation darkeys and the best minstrels travelling. Call and secure your seats immediately.

Arch'b B. McCaw, our stock broker, reports business very fair considering, and his smiles are as angelic as ever to his rapidly increasing number of customers whom he is educating in the mysteries of stock speculation. Call on McCaw, he will be pleased to see you.

The Board to buy horses for the army, Captains Whitfield and Madden and Lieut. Anderson of the 6th Cavalry and Capt. Simpson A. Q. M. U. S. A., are at the Pico House. They report that out of one thousand horses examined in this section only seventy-five were accepted for cavalry service.

The Annual Conference of the Methodist Episcopal Church will September 6th, and continuing about ten days. This will be the first Conference held in this city under the new Church law dividing the State into two Conference Districts, and will be one of much interest. Bishop Harris will preside over the deliberations of the body, and many interesting addresses will be delivered by members of the Conference.

We have just seen the complete abstract of titles to the old San Jacinto ranch, from the Mexican grant in 1842 down to the present time, and it is an interesting document. One of the peculiar features is an old Mexican map, with a house drawn on it. By using the scale of the map the house is found to be 4 1/2 miles long and 3 high, but this is explained on the supposition that the house was made for ornament rather than to conform to the scale. This is a valuable tract of land, experienced fruit raisers of this section assuring us that it is the best adapted region for fruits in Southern California.
